Easy Orbital Selection

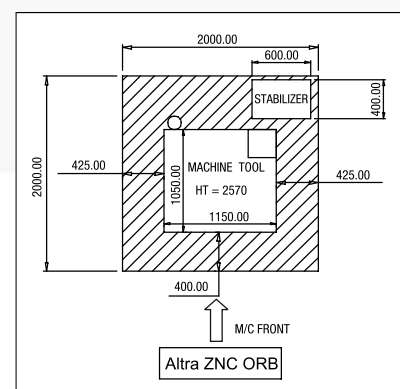

Keeping in mind the varied and critical requirements of professional tool maker, Ratnaparkhi is constantly striving for the betterment of EDM. With this endeavour we are now introducing Orbiting system for EDM's which improves the efficiency of EDM to a great extent thereby allowing easier working.

Advantages of orbiting function:

1. Basic steps towards CNC EDM functions in manual machine
2. Corner sharpening.
3. Giving undergroove
4. Side machining
5. Increasing the size of cavities

Floor Plan

Important Note : In keeping with our constant endeavour to meet market needs, we reserve the right to alter or change the specifications mentioned, without prior notice
